

Helderberg Society for the Aged

Leaders in care-free retirement living

La Rochelle

This three storey building is in Andries Pretorius Street, right in central Somerset West. Ranging from bachelor to two bedrooms, there are 36 flats in the building, which is served by a lift. Garages and carports are also available.

The newly created activity centre is well used by the residents for all sorts of recreational activities. The gardens are extensive and lovely and the mountain views are the envy of the town.

The Society's clinic sister is available on the first Wednesday of every month and short-term specialist nursing care is available at the Society's frail care centres, the nearest being Silver Oaks Lodge, also in Reitz Street

A few words from the Manager:

Special services you offer:

The flats and Cottages are for independent living. Very much like a "self catering" unit. Although the residents are still able to function totally on their own and are healthy capable people, we do offer a clinic service as well as the services of the Service Centres.

A few wise words:

Quoting one of our residents: "Youth is wasted on the young, that is why I have gone back to mine"
