

Libertas

For independent retirement living

Centrally situated in Dirkie Uys Street, this double storey complex has 30 flats (bachelor and one bedroom). Garages are available.

The front flats have enclosed gardens and a well-used service centre on the premises caters to the needs of the residents.

The Society's clinic sister is available on the second and fourth Wednesday of every month and short-term specialist nursing care is available at the Society's frail care centres, the nearest being Silver Oaks Lodge, in Reitz Street.

A few words from the Manager:

Special services you offer:

The flats and Cottages are for independent living. Very much like a "self catering" unit. Although the residents are still able to function totally on their own and are healthy capable people, we do offer a clinic service as well as the services of the Service Centres.

A few wise words:

Quoting one of our residents: 'Youth is wasted on the young, that is why I have gone back to mine'
