A few words from the Manager:

I have been working for the Society for 23 years, as a unit manager for 12 years and at Robari for 1 year. The warm ambience of Robari Lodge is immediately apparent to the visitor. 'The Cottage' accommodates people who can function independently yet require a safe environment where meals are a part of the offering. An activities programme is also in place where the Residents can participate in carpet bowls, handcrafts and exercises as well as enjoy the number of functions such as the tea parties and "Happy Hour" suppers where musicians entertain our Residents.

Something about the team of staff:

All the caregivers have had training in the care of the Elderly and are supervised by SANC registered and enrolled nurses. The team of very dedicated special people includes the cleaners and the catering staff who have the well-being of the Elderly at heart.
